## **The truth is in the record**

### **Agenda**

**Tuesday June 9. 2009**

#### **060909-8**

**The following items were voted against by Huntley, Kelley, Lizzarga and Davidson... All of whom vocally opposed the items yet now claim to be for fiscal responsibility**

Discussion and possible action regarding the following items:

- A) Immediate cessation of all spending not directly for or related too mandated services.
- B) No new matching fund grants, no funds for expansion of departments, remodeling or hiring of new or additional personnel.
- C) All training, travel, hotel and motel costs related to training as well as perdiem for all departments will stop immediatly. (pending review and approval by finance and council)
- D) All purchaces will be examined as to benefit, necessity and relation to mandated services by the finance department who will freely make reccomendations to council.
- E) Finance will recommend further departmental cut backs as required...

Authored by ....Bill Moore

#### **060909-2**

Discussion and possible approval that all proposed grants be referred to the finance department for preapproval and- evaluation before submission to Council for consideration..

Authored by Bill Moore

#### **060909-7**

Discussion and possible action (to have a policy that) no department head may be terminated or reassigned without Council approval...

*My wording would create an ordinance..it was weakened to make it a policy that could be ignored...*

Authored by Bill Moore

(The intent being to protect finance from undue pressure to go along with tree planting and give strength to the preceeding items)

To re-establish order and fiscal responsibility as well as protect finance department from outside pressure to approve ill advised "grants"

The Town is now facing additional cuts of between 20 and 30% and the council still refuses to obey the law that mandates they SHALL have control of finances....

I further note the order of discussion and wording was altered by Huntley and Taft to prevent meaningful debate...

Should we prevail.. I fully intend to raise the issues again and request your help

Best regards

Bill Moore
